Chairman, **Mr. Ananth Kumar K C**

“Education is not just about going to school and getting a degree. Its about widening your knowledge and absorbing the truth about life”

Schooling has the greatest influence on an individual's life. Education is the foundation of all progress. This will help students

get into the finest higher education institutions. Initiatives are also being put in place that will allow students to fit into a rapidly changing adult world. At the same time, the school's big strength — pedagogy balanced with pastoral care — will be supported in equal measure to enhance the school's standing as the Best Schoolmere accumulation of facts; but preparation of life itself. It is for this reason we forayed into education.

Children must be nurtured in the right environment to learn and grow with strengthened ethics and values.

It is with this vision; Aikhyatha Public School was established in 2019

The aim of school is to provide holistic education for your child imbued with academic excellence and vast exposure to the competitive learning experiences.

From the moment a child enters the school gates, he or she gets to realise who he/ she is; and where his/ her potential lies. Our key focus is to inculcate discipline, self-motivate, independent and confidence to take up the challenges to achieve excellence..

We strongly believe that children must be educated, but they should also be left to educate themselves.

A new CBSE upcoming school in Bengaluru welcomes you all with open minded to reinvigorate those Moral Values which today seems to be outdated and has lost its sheen.
